Information about job offer

Job description

Overená pracovná ponuka z portálu EURES.

Job description

AquaBioTech Group is seeking another capable and qualified Aquatic Veterinarian to work as trial coordinator for fish health trials. Focused on the day-to-day coordination and execution of trial activities

it will be also managing the health of our research fish stocks, carrying out all necessary necropsies and diagnostics, as well as participating in and developing experimental protocols. The candidate would also support and participate in national and international research projects that AquaBioTech Group is involved in.

- Day-to-day coordination of fish health trials activities and communication with clients.
- Protocols and study report writing; data collection, elaboration and archiving.
- Plan and execute trial activities like vaccination and challenge with pathogens.

- Sampling for routine health monitoring and trial related requirements
- Health management of the fish stock in the facility
- Necropsies and diagnostics required by routine health management of the stock and trial related requirements.
- Development of Challenge Models and other experimental SOPs
- Other duties as assigned by the company.

Selection procedure information

Ak máte záujem o túto pracovnú pozíciu, kliknite na ikonu „**POŠLI ŽIVOTOPIS**“, vyplňte požadované informácie a pripojte životopis v anglickom jazyku. Po splnení kritérií bude váš životopis postúpený zamestnávateľovi.

EURES poradca: Mgr. Ferdinand Bolibruch

Email: ferdinand.bolibruch@upsvr.gov.sk

Telefón: 043/2445303

Benefits offered

Training provided

Successful candidates will go through our internal onboarding procedure, whereas all information and

documentation will be provided before start date, for information and signing. Technical training will also be provided, specific to the role and skills assessment of the selected individual.

Vacancy additional information

Any assistance with accommodation/relocation

AquaBioTech Group offers all employees company accommodation, which comes at cheaper rates compared to personal renting, and which will be available immediately for new employees to use upon

their arrival. All preparation related to accommodation is handled by the company.

Any other benefits

For those positions within the company that require compliance with a changing and dynamic roster, and who are susceptible to working public holidays, will be given those days back to be used as leave

allocation.

Salary

Depending on experience, background and specialisation. Salary is also dependent on the nature of projects assigned, personal performance as well as overall company performance. Interviews and offers will be on a case-by-case basis. Details withheld due to confidentiality. Euro 30 - 45k (Initial rate of compensation).

AquaBioTech Group offers all employees company accommodation, which comes at cheaper rates compared to personal renting, and which will be available immediately for new employees to use upon their arrival. All preparation related to accommodation is handled by the company.
