## Information about job offer

### Job description

**Overená pracovní ponuka z portálu EURES.**

#### Core mission

You will join the Reactor Block, Fuel and Sources group, which is part of the Mechanical Engineering Service in the ILL's Reactor Division. We are looking for two mechanical maintenance technicians, who will be part of the Load handling sub-group in the Reactor Block, Fuel and Sources group.

#### Your tasks

Your duties will be to:

- Maintain the equipment that makes up the reactor's handling facilities: fuel handling columns, reactor pool gates, etc.
- Monitor the subcontracted maintenance of certain equipment: handling cranes and gantries, diesel generator sets
- Conduct periodic inspections and requalification of the pressure equipment used by the group

- Draft procedures, technical specifications, minutes and reports
- Manage maintenance sites from their preparatory phase through to completion of the work
- Assist on an occasional basis with the operation of other equipment under the group's responsibility.

**Depending on the position for which you are recruited, your duties will be to:**

- Either: perform fuel-related handling operations: fuel element loading and unloading operations, replacement of water inside the fuel handling columns.
- Or: operate and maintain the hot cell used to cut up irradiated equipment and produce radioisotopes for the pharmaceutical industry.

**Selection procedure information**

Ak máte záujem o túto pracovnú pozíciu, kliknite na ikonu **"POŠLI ŽIVOTOPIS"**, vyplňte požadované informácie a pripojte životopis a žiadosť v anglickom jazyku najneskôr do 18.07.2024. Po splnení kritérií bude váš životopis postúpený zamestnávateľovi.

EURES poradca: Bc. Mária Polaščiková

Telefón: 057/2445280

Ak potrebujete viac informácií o krajine, nájdete ich na našom webe v časti [Životné a pracovné podmienky – Francúzsko](#).

**Benefits offered**

- contribution to sport, culture, or leisure activities
- **Quality of life** A hub for research and technology, the city of Grenoble is ideally located in the heart of the French Alps (just 3 hours from Paris/Provence by train, 1 hour from Lyon international airport and 1 ½ hours from Geneva). It is important for us that our staff achieve a healthy work-life balance. We therefore offer home working (under certain conditions), generous annual paid leave entitlement and a host of other benefits that you will discover when you arrive!
- **Prospects** We guarantee you a stable for a **permanent** position in a multicultural scientific environment.
- **Benefits** We offer generous social benefits (expatriation allowance, excellent health cover), moving and relocation assistance (under certain conditions) and an annual productivity bonus. We also offer language courses for you and your partner and subsidies for the use of public transport and the staff canteen, as well as for holidays and a variety of cultural and sports activities.

# Employee requirements

## Required education

- Vocational Secondary Education
